### Additional Coverage for Front Seats (PT 202)

New coverage for Front Seats (PT 202) started in the 75.2 release. In the 75.3 update, we added 1000 new Interchange applications to the database. The final phase of coverage going back to the year 2000 is scheduled to be completed in the 75.4 release.

### Reference Part Type Name Changes

The following reference part types have been renamed.

- **Wheel Sensor (PT 548)** is now **Chassis Sensor**.
- **Crank Cam Angle Sensor (PT 639)** is now **Drivetrain Sensor**.
- **Air Bag Detector (PT 653)** is now **Body Sensor**.

### Toyota/Lexus/Scion Part Numbers

Due to the unavailability of information from the manufacturer or other sources, please be advised that the 75.03 Hollander Interchange update contains certain limited displays of Toyota/Lexus/Scion part numbers. All versions of the 75.03 Hollander Interchange, including those provided to all Hollander clients, contain the same restrictions and limitations.

### Interchange Action Requests (IARs)

We processed approximately 452 Interchange Action Requests (IARs) for Hollander Interchange release 75.3.

**IARs are contributions submitted by our clients to:**

- Improve the Hollander Interchange.
- Request new part type coverage.
- Report errors and/or omissions.
- Point out software and/or display issues.

### Submitting IARs

Please email or fax us your Interchange Action Requests.

**Email:** [interchange@audatex.com](mailto:interchange@audatex.com)

**Fax:** (763) 553-0644

### Our Goal to You

Our goal is to fax or mail you an acknowledgement within one business day, and a status within five business days of receipt. The status response will tell you:

- If the request has already been incorporated,
- In which release the request will be incorporated,
- If we need to investigate the issue and/or request additional information.

### Technical Support
